My grandmother's old home remedy of raw eggs and mayonnaise works so good on split ends.'

put the masks on. First, we'd use the Sensitive Mask [], then Glyco Peeling 25% []. After that, we'd do the Oxygen Finishing Mask [], which sorts out blemishes and, finally, the pigment-lightening treatment [Intensive Lightening Complex,].
Your skin must be in pretty good shape...
"Sometimes I get blemishes. It's not so bad on stage 'cos you can cover it up and people can't see you that far away. But I had a first date with a mountain on my face once. It was the worst. I felt like he was looking at it all night. If I get a huge buddy, I put a little Natura Bissé Oxygen Complex [] on it and it tends to go away."

beauty products?

"I do spend a fortune on my products, but it's worth it. My business manager is like, 'What were you doing this weekend at Neiman Marcus [the US department store]?' And I say, 'I had to go buy beauty stuff.' I mean, this face is everywhere - it can't be a write-off!"

Kelly's latest album, Miss Kelly, is out now
